

**IN THE CLAIMS:**

Please cancel claim 6 without prejudice to or disclaimer of the subject matter recited therein.

Please amend claim 1 as follows.

**LISTING OF CURRENT CLAIMS**

Claim 1. (Currently Amended) A direct backlight module, comprising:  
a base, having a plurality of parallel-arranged lamps;  
a supporter plate, mounted over the base, further having a frame and a plurality of wires, in which the frame is a square structure having a central opening, in which each of the wires is constructed at the ~~frame and~~ frame, crosses the central ~~opening, and~~ opening, and is made of polymer; and  
a plurality of films, mounted over and supported by the supporter plate.

Claim 2. (Original) The direct backlight module according to claim 1, wherein said lamp is a Cold Cathode Fluorescent Lamp.

Claim 3. (Original) The direct backlight module according to claim 1, wherein said wires are parallel arranged over said central opening of said supporter plate.

Claim 4. (Original) The direct backlight module according to claim 1, wherein said wires are cross arranged over said central opening of said supporter plate.

Claim 5. (Original) The direct backlight module according to claim 1, wherein materials to form said wires comprise metals.

Claim 6. (Canceled)

Claim 7. (Previously Presented) The direct backlight module according to claim 1, wherein said films include a film to diffuse lights of said lamps.

Claim 8. (Original) The direct backlight module according to claim 1, wherein said films include a film to achieve a haze effect.

Claim 9. (Original) The direct backlight module according to claim 1, wherein said base has at least an interior bottom surface thereof coated with a reflection material.

Claim 10. (Original) The direct backlight module according to claim 1, comprises a reflection plate formed on at least one interior surface of said base.
